Nestled in the vibrant heart of Andheri, Children Welfare Centre stands as a titan in the educational landscape for four remarkable decades. Our journey is not just a testament to time but a saga of relentless commitment to bestowing quality education, transcending conventional boundaries.

Founded by visionaries who pledged wisdom and effort to create an institution with a profound purpose, Children Welfare Centre Trust emerged to craft better human beings and fortify the ideals of universal citizenship. Enshrined under the Public Trust Act, 1950, our institution encompasses schools and colleges, offering advanced education programs within Mumbai's cosmopolitan expanse.

As we step into our 43rd year, Children Welfare Centre continues to etch indelible imprints in the annals of education, making laudable strides. Our students' progress and success stand as a living testament to the dedication of our founder members and educators. Lifelong learning, infused with a positive ethos, is the cornerstone of our educational philosophy.

Amid this educational odyssey, the National Education Policy (NEP) has been a transformative catalyst. Aligning seamlessly with its progressive ideals, we are committed to fostering holistic development, experiential learning, and nurturing individuality. NEP is not merely a policy; it is our guidepost, steering us toward a future where education transcends boundaries.

Children Welfare Centre transcends the conventional idea of an educational institution; it is an ecosystem dedicated to holistic development. Nestled in Andheri, our haven is well-connected, providing a safe haven for learning. The tranquil ambience ensures the optimal environment for academic pursuits.

Our educational odyssey commences in the fully functional Pre-Primary school, a cradle for progressive education. From primary and secondary school to junior and Degree College, we have a structured path for academic ascension. Our commitment extends to

diverse educational streams, including Commerce, Management, Mass Media, Accounting, Finance, Law, and more.

Our infrastructure is not just modern; it's cutting-edge. Science laboratories, computer labs, audio-visual rooms, and a well-stocked library ensure access to contemporary teaching and Copywriting Yearbook - 2023-24 learning resources. Over 300 trained teachers play a pivotal role in academic and personal development, instilling values of honesty, respect, and diligence.

Our accolades, such as being named the Best School in K-West Ward by the Education Department of the Municipal Corporation of Greater Mumbai, underscore our commitment to excellence. Our Honorary Principal, Mr. Ajay Kaul, received the State Award for the Best Teacher in 2002-2003.

Gazing into the future, Children Welfare Centre continues to evolve and expand its horizons. New courses, colleges, and schools are testaments to our commitment to providing enhanced opportunities and prospects for our students. Clara's College of Commerce, Versova, M.Com courses, CBSE-affiliated schools, and more reflect our dedication to adapting and growing with the changing educational landscape.

As we embark on the academic year 2022-2023, we celebrate the commencement of Clara's College of Arts, Science & Commerce at Valnai Village, Marve Road, Malad (West). This moment signifies our relentless pursuit of educational excellence.

Children Welfare Centre stands not just as a platform but as an arena for over 4000 registered students to spread their wings. With experience and enhanced resources, we move forward with pride, embracing new courses and schools. The journey continues, guided by an unwavering commitment to nurturing minds and empowering futures. Here's to another year of learning, growth, and eminent excellence at Children Welfare Centre!

OUR ENDEARING VOYAGE SO FAR

- 1981** Children Welfare Centre School begins to function from one rented room in Versova village with Batch of 30 students.
- 1985** The School develops into a full-fledged Primary School and receives recognition from the Municipal Corporation of Greater Mumbai.
- 1992** The School has been upgraded every year and first batch of S.S.C students appeared for Secondary School Certificate examination. The year also witnessed the initiation of a Junior College in the Commerce Faculty.
- 1994** The school adjudged as the Best school in the K - West ward by the M.C.G.M.
- 1999** A full-fledged Degree College namely; Clara's college of Commerce was established in the memory of Late Smt. Clara Kaul, an educationalist with a missionary zeal to take learning to every strata of society.
- 2002** H.S.C. Results 100%.
- 2003** Maharashtra State bestows best Teacher's Award on Principal Ajay Kaul.
- 2006** Children Welfare Centre completes its silver jubilee. The CWC School and the Clara's College of Commerce has more than 4000 students on its roll.
- 2009** Clara's college of Education (Teachers Training College) is started with an objective of contributing the best teacher's to the society.
- 2010** His Excellency S.C.Jamir the Governor of Maharashtra honours Shri Ajay Kaul with the "Outstanding School Principal Award 2009-2010" Children Welfare Centre Law College commences at Malad (West), Mumbai.
- 2011** School adjudged as an "A" Grade School by the S.S.C. Board. B.Ed. Results 100%
- 2012** S.S.C. Results 100%
- 2013** Students represented Maharashtra State in Tchock Ball tournament.
- 2014** Science Teaching Aid Project selected for State Level Competition at Ratnagiri.
Principal Ajay Kaul appointed as member of the S.S.C/H.S.C Divisional Board by the Govt. of Maharashtra.
- 2015** First Batch of B.L.S students (Law College) secured 100% Results at the University of Mumbai Examination.
- 2016** Hosted Zonal Science Exhibition in Co-ordination with Education Dept. West Zone where in 500 schools participated. The programme was inaugurated by Hon'ble Union Minister Shri Mukhtar Abbas Naqvi and Shri Vinod Tawde Hon'ble Education Minister Govt. of Maharashtra.
- Valedictory function was attended by Shri P.D.Acharayaji His Excellency Governor of Assam and Nagaland Versova Gaurav Award presented to Principal Ajay Kaul by Shri Devendra Fadnavis Hon'ble Chief Minister Maharashtra State for his contribution in the field of education.
- 2017** Commencement of Junior College in Arts, Commerce and Science at Malad (West).
S.S.C Result 100%
Best School in the K/P West Ward trophy received from Education Dept. (West Zone) at the Ward level Science Exhibition.
- 2018** Surya Raja Devendra of T.Y.B.Com represented India in Kickboxing at Asia level and won Bronze medal at Ata, Kyrgyzstan.
He will represent India in the World Championship to be held in New York in March, 2019.
- 2019** Project in Population Education bagged the 1st prize at zonal level science exhibition. The exhibit was selected for the state level.
- 2020** Hosted State Level Kabaddi competition wherein players from 8 cities of Maharashtra participated. It was organised by District Sports Office under the Directorate of Sports, Ministry of Youth Affairs and Sports.
- 2021** NCSC Science Project was selected for the state level.
His Excellency Governor of Maharashtra, Hon'ble Shri Bhagat Singh Koshiyari felicitated Shri Ajay Kaul for his contribution in social field.
Permission obtained from Government of Maharashtra to start a Arts, Science and Commerce degree college at CWC Malad.
- 2022** Children Welfare Centre High School secures 100% results in Government of Maharashtra Elementary Drawing Examination.
- 2023** Children Welfare Centre High School bagged the 'Best School' award in the K/P West Ward at the ward level Science Exhibition organised by the Education Department, West Zone.
'Samaj Ratna Puraskar 2023' was presented to Principal Shri Ajay Kaul by His Excellency Governor of Maharashtra Shri Ramesh Baisji. This prestigious honour was conferred during the 15th Tribal Youth Exchange Program, by the Ministry of Youth Affairs and Sports, Government of India and Nehru Yuva Kendra, Mumbai
Hosted District Level Science Exhibition organised by the Education Inspector, West Zone.
- 2024** Children Welfare Centre's college of law has been awarded NAAC ACCREDITATION achieving a B++ Grade with CGPA of 2.94.

Unlocking Brilliance: A Year of Triumphs in 2023

Within the hallowed halls of Children Welfare Centre, the convergence of brilliant minds has given rise to an extraordinary tapestry of accomplishments. The journey of 2023 has unfolded as a captivating narrative of resilience, growth, and triumph, a testament to the unwavering spirit of our vibrant learning community.

Under dynamic leadership, we've embarked on novel teaching methods, forging new pathways for our aspiring leaders. Innovative pedagogy and diverse learning avenues have been our compass, guiding the relentless effort to shape the minds of tomorrow.

Dedication knows no boundaries at the Children Welfare Centre. Across subjects and streams, the luminosity of our commitment to spreading knowledge has been a beacon. Post-pandemic challenges were faced with adaptability, turning obstacles into stepping stones and difficulties into triumphs of determination.

The year 2023 posed its unique set of challenges, yet we emerged resilient. As an enthusiastic institution, we spearheaded holistic learning interventions for students and educators alike. Navigating through uncertainties and setbacks, each intervention became a success story, a testament to our collective resilience.

The spirited editorial committee meticulously wove together a vibrant tapestry of moments that encapsulate our journey in 2023. This year's yearbook stands as a vivid narration of triumphs, celebrations, and cherished memories—an anthology worth diving into!

Heartfelt gratitude extends to our trustee members and visionary principal for their unwavering support in 2023. Special appreciation is reserved for every member of the editorial committee—your dedication breathes life into this remarkable tale.

Prepare to embark on a journey through time within the pages of our 2023 yearbook, where resilience, growth, and the unyielding spirit of Children Welfare Centre unfold. Here's to a year of brilliance and boundless possibilities!

The Editorial Board

Mrs. Sophia Fanson

Guidance: Mr. Prashant Kashid

We thank all the teachers, the computer & office staff for their help and co-operation.

Embarking on the Next Chapter: Shaping Futures with Purpose

Greetings to our cherished students, parents, and the entire Children Welfare Centre community, As we stand at the threshold of another academic year, I am filled with gratitude and enthusiasm reflecting on the journey we've traversed together. Life's stage continues to unfold, and each one of us plays a unique part in this magnificent drama of existence.

The past year, with its challenges and triumphs, has been a testament to our collective resilience. Our institution, a nurturing ground for brilliance, has embraced the winds of change with open arms. I am immensely proud to share that the spirit of adaptability and innovation has been at the forefront of our endeavors.

The year 2023 marks not only a continuation of our commitment to excellence but also a celebration of our response to the evolving landscape of education. The National Education Policy (NEP), a beacon of transformative change, has inspired us to refine our approach further. As we welcome its progressive ideals, we are aligning our vision to foster holistic development, embracing experiential learning, and nurturing the individuality of each student.

In the pursuit of knowledge, our institution has evolved into a dynamic hub for IT courses. This metamorphosis aligns seamlessly with the

demands of the modern world and equips our gen-next with the essential tech-knowledge to thrive in the digital era.

Our success, however, extends beyond academic milestones. It is a testament to the collaborative efforts of our dedicated teachers, operational teams, associates, and industry allies. Together, we've not only weathered storms but also celebrated numerous victories.

As we navigate the seas of change, mental health has taken a central role in our educational narrative. We are integrating mental wellness into mainstream education, recognizing that a sound mind is the foundation for true knowledge assimilation.

The NEP's vision of a flexible, multidisciplinary, and innovative education system resonates with our mission. It propels us to continue fostering not just students but enablers of a progressive tomorrow.

Let us embark on this academic year with renewed zeal, embracing the opportunities for growth and learning. Our commitment to creating a positive and empowering educational environment remains unwavering. Thank you for being an integral part of our journey.

ACTIVITIES OF THE INSTITUTION AT A GLANCE

PRE-PRIMARY

In the academic year 2023-24, the Pre-Primary section at CWC School orchestrated a dynamic array of activities. From parent orientation and yoga celebrations to creative initiatives like "Ring The Trunk" and "Pasta Necklace" crafting, the focus remained on joyful learning experiences. The school also integrated patriotic song competitions and cultural showcases, ensuring a holistic approach to development. These activities not only enhanced cognitive and language skills but also instilled a love for learning. As the year concluded with a lively "New Year Party," the Pre-Primary section at CWC School encapsulated a year of diverse and meaningful engagements, nurturing young minds with enthusiasm and creativity.

15.06.23: **"Parental Orientation Day"** The academic year commenced with an informative orientation program for parents of Jr.KG. Section on June 15, 2023. This event facilitated a deeper understanding of the school's operations, rules, and regulations, fostering a strong collaboration between parents and their children's educational journey.

21.06.23: **"Yoga Harmony Day"** In celebration of "Yoga Day" on June 21, 2023, an engaging activity unfolded for Jr.KG. and Sr.KG. sections. The day focused on introducing young learners to the significance of yoga, promoting holistic well-being from an early age.

23.06.23: **"Conceptual Fun with 'Ring The Trunk'"** The Sr.KG. section embraced an entertaining learning experience on June 23, 2023, through the activity "Ring The Trunk." This initiative aimed at enhancing conceptual understanding while infusing an element of fun into the educational journey.

23.06.23: **"Let's Learn Hygiene"** Simultaneously, the KG. Section orchestrated the "Let's Learn Hygiene" activity, fostering awareness about hygiene in a playful and interactive manner, catering to the unique needs of the tiny tots.

30.06.23: "Campus Exploration Adventure"

On June 30, 2023, the pre-primary section organized a "Campus Exploration Day" for the "Little Ones." This guided tour familiarized students with different areas of the school, establishing a sense of comfort within the school environment.

07.07.23: "Joyful Kathputli-Puppet Show"

To bring joy to the faces of Jr.KG. students, a "Kathputli-Puppet Show" unfolded on July 7, 2023. This lively event added a touch of entertainment, creating a positive and engaging atmosphere for the young learners.

28.07.23: "Phonic Symphony - Phonetic Workshop"

On July 28, 2023, the pre-primary section hosted a "Phonetic Workshop" to develop excellent communication skills among Jr.KG. students. Parents were invited to participate, gaining insights into phonic expertise.

14.10.23: "Memory Marvel - Memory Game Challenge for Jr.KG."

Jr.KG. students tested their memory skills on October 14, 2023, through the "Memory Game" challenge. This activity aimed at boosting cognitive abilities in a playful setting.

14.10.23: "Vegetable Dabbing Artistry for Sr.KG."

Simultaneously, Sr.KG. students engaged in artistic exploration on the same day through the "Printable Vegetable Dabbing" activity. This initiative allowed them to express creativity through vegetable-inspired artwork.

24.11.23: "Hidden Treasure Quest for Sr.KG."

Simultaneously, Sr.KG. students embarked on a "Hidden Treasure" quest on the same day. This activity fostered the development of communication skills and teamwork in an adventurous setting.

08.12.23: "Thrash to Treasure - Best Out of Waste for Jr.KG."

Jr.KG. students explored sustainability on December 8, 2023, through the "Thrash Wash - Best Out of Waste" activity. This initiative encouraged them to reuse old newspapers creatively, promoting environmental awareness.

Celebrating Excellence: A Vibrant Tapestry of Achievements Unveiled Throughout the Academic Odyssey

Embarking on a transformative journey of holistic well-being, the primary section students infused the school with a sense of serenity on the 21st of June, 2023, as they joyously celebrated International Yoga Day. Under the expert guidance of the revered Yoga Instructor, Mrs. Tejashree Parab, the young yogis of Std III & IV not only performed various 'ASANAS' with grace but also internalized the essence of tranquility, creating an atmosphere of mindfulness that lingered in the air. Simultaneously, videos highlighting the profound benefits of yoga mesmerized Std I & II students, fostering a deeper understanding of this ancient art.

competition. Amidst a kaleidoscope of cultural expressions, Mast. Aryan Shinde's captivating performance secured him the well-deserved Second Prize, a testament to his artistic prowess that left an indelible mark on the audience's hearts.

Fast forward to the 4th of October, and the stage was set for an Interschool fancy dress spectacle at Smt. Nirmala Harilal Valia High School. Miss Rathod Harlin Kaur Ajit, adorned in creativity, not only

Shifting the spotlight to the 4th of August, an enchanting rhythm filled the air as the primary section hosted an inter-school Solo folk dance

participated in the event but also walked away with the Second Consolation Prize. Her imaginative portrayal resonated, leaving a trail of inspiration for fellow students to explore the realms of creativity.

On the 18th of October, the MCGM Education Department's K West Ward orchestrated a vibrant

symphony of talent, celebrating the often-unsung heroes of the school ecosystem. Clerks showcased their ingenuity in a Best out of Waste Competition, with Ms. Gayatri Nuniwal emerging victorious, claiming the prestigious First Prize. Simultaneously, peons engaged in spirited games, and Mr. Devendra Shivkar's triumph in the second consolation prize category highlighted their integral role in shaping the school's vibrant spirit.

Culminating the year on a resplendent note, the Honours Day unfolded on the 2nd of December, 2023, hosted by Children Welfare Centre High School. Dr. Bhanu Seshadri, Principal of D.El.Ed College Kandivli, graced the occasion as the esteemed Chief Guest, adding an aura of scholarly recognition. Amidst accolades showered upon the deserving winners, the event was attended by various Head Masters/Mistresses from schools across K West Ward, underscoring the Copywriting Yearbook - 2023-24 collaborative spirit of excellence within the educational landscape. The presence of Smt. Rohini Lalde, the Beat Officer (Education Inspector) of K West Ward schools, further elevated the event, highlighting the official acknowledgment of the educational triumphs achieved throughout the year. This symphony of achievements and talents, carefully woven through the rich tapestry of the calendar year, encapsulates the spirit of excellence fostered within the vibrant educational canvas.

This report encapsulates the diverse range of activities undertaken at Children Welfare Centre High School, reflecting a commitment to holistic education and the nurturing of responsible, aware, and culturally connected individuals.

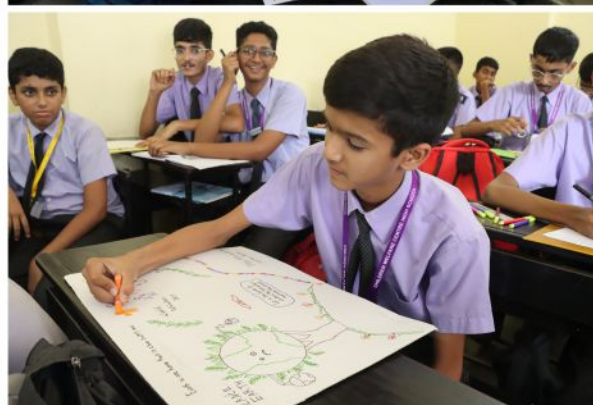

29.06.2023 - "Leadership Unveiled: Student Council Elections"

The academic year commenced with the vibrant energy of democracy as students passionately campaigned for the Student Council Elections. A week-long campaign saw contestants canvassing across classrooms, seeking support for their candidacies. The election, held by ballot, adhered to the system of simple majority, fostering a sense of responsibility and leadership among the students.

11.07.2023 - "Artistry in Advocacy: World Population Day Posters"

In a celebration of creativity and social awareness, students immersed themselves in artistic endeavors, creating impactful posters for World Population Day. The school atmosphere buzzed with excitement as colorful illustrations, innovative designs, and powerful slogans conveyed important messages on this global occasion.

03.07.2023 to 08.07.2023 - "Rooted in Green: Van Mahotsav Week"

Dedicating a week to environmental consciousness, Van Mahotsav Week unfolded as a holistic celebration from July 3rd to July 8th. Meticulously planned activities, including seed sowing, poster making, placard slogan writing, and an awareness rally, instilled a deep-rooted sense of responsibility towards trees and environmental conservation among the students.

29.08.2023 - "Healthy Minds, Strong Bodies: National Sports Day"

Promoting holistic well-being, National Sports Day became a stage for students to showcase discipline, hard work, sportsmanship, and team spirit. Engaging in extempore and debate competitions on sports-related topics, along with friendly chess and carom matches with teachers, highlighted the importance of physical and mental health.

14.09.2023 - "Sanskriti Sambodhan: Hindi Diwas Celebration"

In an ode to national identity, Hindi Diwas was celebrated with pride, allowing students to partake in various activities such as speeches, skits, slogan writing, and debates. The event not only celebrated the national language but also fostered a sense of cultural pride and unity among the students.

06.10.2023 - "Harmony with Nature: World Wildlife Day"

Educating students on the delicate balance between humans and nature, World Wildlife Day featured enlightening documentaries. Students delved into the world of endangered species, rare flora, and fauna, understanding the importance of maintaining ecological harmony through food chains and webs.

07.10.2023 - "Memory Lane Laughter: Student Talent Show"

A night of laughter and talent unfolded as students showcased their memory and humor skills. From stand-up comedy to mimicry and movie-talking, the event allowed students to express their creativity and entertain a live audience.

14.10.2023 - "Safeguarding our Sphere: Pollution Awareness"

Addressing the imminent threat of pollution, students presented a skit illustrating its impacts on ecosystems and human well-being. Senior students supplemented this with documentaries on their favorite scientists, shedding light on their life and achievements, emphasizing the urgent need for environmental stewardship.

26.11.2023 - "Constitution Day: A Preamble to Unity"

Honoring the monumental task of compiling the world's longest handwritten constitution, Constitution Day was observed on November 26th. Students engaged in reading the preamble, gaining insights into its terms and significance, while also understanding the distinctions between Constitution Day and Republic Day. This day emphasized the importance of civic awareness and constitutional values.

In order to adhere to traffic rules, and reduce accident, an awareness programme, in the form of 'Road Safety Campaign' was observed at Children Welfare Centre High School on 31st Jan, 2024 for the students of Std VI to IX engaging them in various creative activities such as essay writing, slogan writing, poster making competitions.

Science Day was celebrated in the form of science fair on 2nd February, 2024. With the aim to encourage scientific research and innovation among the young minds.

SCIENCE EXHIBITION

Inter- School Science Exhibition Elocution Competition was held at SCD Barfivala High School organized by the Education Department. **Miss Jaza Shaikh from the secondary section bagged first position in Jr.Group and was further selected for the District Level where she bagged the third prize. Miss Sarah Shaikh from Jr. College won the third place** in the same in Senior Group.

Inter- School Science Exhibition Quiz Competition was held at Sree Ram Welfare High School organized by the Education Department. Mast. Abu Hasan Shaikh and Mast. Zaid Turk from the secondary section participated in Jr. Group.

Inter- School Science Exhibition Essay Writing Competition was held at Gyan Kendra High School organized by the Education Department. **Mast. Yusuf Shaikh and Miss Trisha Shetty** from the Secondary Section won the **first and second consolation prizes** under Junior and Senior categories for the same.

Students and the teachers from Secondary Section participated in the K/P West ward level Science Exhibition at A.K. Hussain Allana High School, Andheri (W). The main theme of the Exhibition was "Science and Technology for Society". The School bagged the prize as under.

Exploring the Cosmos to Unraveling DNA: A Scientific Odyssey with Kaleidoscope - Science Club in the Academic Tapestry of 2023-24"

In the dynamic and vibrant realm of scientific exploration, the Kaleidoscope - Science Club at Children Welfare Centre Yari Road Versova, Mumbai, unfurled a rich tapestry of enlightening activities during the academic year 2023-24. The club, dedicated to fostering a passion for scientific inquiry, orchestrated a kaleidoscopic array of experiences that ignited curiosity and propelled students into the captivating world of science. The journey began on July 5th with an immersive D.I.Y. activity, where the mysterious concept of genetics was unveiled through the hands-on extraction of DNA from onions. This hands-on approach not only demystified the enigmatic world of genetic science but also sparked a sense of wonder among the participants.

Continuing the odyssey of scientific discovery, a transformative visit to the Nehru Planetarium and Science Center on July 14th provided students with a captivating intersection of science and creativity. The visit, designed to inspire, allowed participants to explore the wonders of the sky theatre and delve into the mesmerizing realm of 3-D space shows. This experiential journey expanded their horizons, fostering a deep appreciation for the intricate dance of celestial bodies.

Hands-on exploration took center stage on September 26th, as students delved into the intricate phenomena of transportation in plants. A captivating activity unfolded, shedding light on root pressure and osmosis processes, allowing students to witness the remarkable dynamics of plant physiology. This tactile engagement enhanced their understanding of the natural world.

Venturing further into the technological frontier, the Science Club orchestrated a consequential visit to the NESCO Exhibition Center on August 26th. This visit served as a gateway for students to witness the Automation Indian Expo 2023, offering a firsthand glimpse into the latest industry trends and innovations within the automotive sector. The immersive experience fueled their understanding of technology's evolving landscape and its profound impact on various industries.

On August 29th, the Science Club took a thoughtful stride toward cultivating a scientific mindset by organizing a seminar exploring the solar system. A distinguished expert shared insights, unraveling the mysteries of the cosmos and igniting a curiosity that transcended the confines of the classroom. This seminar became a beacon guiding students towards the fascinating future of space research.

KALEIDOSCOPE - SCIENCE CLUB

October unfolded with the Science Club orchestrating an engaging session on forensic science, unraveling the multifaceted domains of this intriguing field. The session provided students with a glimpse into the meticulous world of crime scene investigation, stimulating their analytical skills and critical thinking.

October 21st saw the horizons of imagination widen with a seminar on drones. Students were not only introduced to the basic functioning and assembly of drones but also gained an overview of aerodynamics. This session sparked an interest in futuristic technologies, encouraging students to envision the evolving landscape of aviation.

On November 9th, an interactive model took center stage, vividly portraying the harmful effects of smoking on the lungs and respiratory system. This immersive experience went beyond theoretical knowledge, providing a tangible way for children to grasp the consequences of unhealthy choices, empowering them to make informed decisions about their well-being.

Continuing the quest for knowledge, on November 24th, the Science Club organized a live demonstration to showcase the effects of various liquids, such as cola and vinegar, on teeth and bones. This interactive session aimed to raise awareness about the direct connection between dietary choices and physical well-being, empowering students to make conscious decisions about their health.

Culminating the academic year with a sense of wonder, on November 30th, students eagerly prepared a Non-Newtonian Fluid. This hands-on activity not only enriched their understanding of fluid dynamics but also instilled a sense of curiosity to discover the world around them. The concept of viscosity came to life, sparking a fascination for scientific principles.

The relentless pursuit of scientific curiosity exhibited by the Kaleidoscope - Science Club during these activities stands as a testament to their unwavering commitment to nurturing young minds and fostering a passion for exploration within the expansive and dynamic realms of science. The engaging experiences provided throughout the academic year not only enriched the students' academic journey but also fueled their curiosity, paving the way for future scientific innovators and thinkers.

"Nature Club's Symphony of Sustainability: Nurturing Eco-Conscious Minds in the Heart of 2023-24 Academic Year"

In the heart of academic year 2023-24, the Blossom Nature Club at Children Welfare Centre High School orchestrated a symphony of impactful initiatives, underscoring their unwavering commitment to environmental stewardship. The rhythm commenced during the **Van Mahotsav week**, where the school immersed

in a week-long celebration, weaving awareness about the pivotal role trees play in environmental conservation. A crescendo of creativity echoed on **World Population Day**, as students channeled their artistic prowess to craft compelling posters,

fostering dialogue on the global imperative of population awareness.

The kaleidoscope of activities continued with a captivating documentary showcasing the **"Wonders of Nature"** on July 15th, offering a mesmerizing glimpse into the breathtaking beauty and diversity

inherent in our natural world. Steering towards a hands-on approach, students were sensitized about bird conservation on July 22nd, creating personalized bird feeders using waste materials, instilling a sense of responsibility towards our feathered friends.

Shaping eco-conscious minds, a noteworthy activity on waste segregation for recycling and treatment unfolded on August 26th, encouraging students to embrace sustainable practices. September marked

a pivotal turn in the mission to save the planet, as the Nature Club championed the cause by replacing plastic bags with cloth and paper alternatives. The ensuing awareness campaign saw students traverse local shops, carrying beautifully designed cloth and paper bags, distributing them to shopkeepers and igniting a community-wide movement.

Venturing beyond the school gates, on September 16th, the Nature Club embarked on a transformative field visit to Maharashtra Nature

Park in Mahim, delving into the park's natural beauty and its evolution from a dumping ground to a picturesque sanctuary. October 1st witnessed the Nature Club actively engaging in a beach cleaning campaign, armed with gloves and cleaning supplies, championing the cause of coastal conservation.

Delving into the intricacies of waste management, a seminar conducted by Mrs. Megha Dhuri on October 7th provided valuable insights, categorizing waste into organic, inorganic, and hazardous types. The scope widened on November 7th, as a seminar on Dengue and Malaria awareness unfolded, featuring the esteemed presence of

BLOSSOM : NATURE CLUB

medical specialist Dr. Sanjeev Mudras, who shared his expertise with the Nature Club students. Copywriting Yearbook - 2023-24.

As the curtain falls on this academic year, the Blossom Nature Club's multifaceted endeavors stand as a testament to their dedication in nurturing environmentally conscious leaders and fostering a community-driven spirit of sustainability.

3 Seminar on Awareness of Dengue and Malaria

"Eclipsing Excellence: A Symphony of Achievements at Sahashaleya Upakram Samiti 2023-2024 – Unveiling the Artistic and Intellectual Brilliance of Our Students"

Embarking on a journey of artistic and intellectual prowess, the students of our esteemed institution showcased their talents with unparalleled finesse at the Sahashaleya Upakram Samiti 2023-2024, both at the ward and district levels. On the 4th of September, 2023, Master. Harsh Koli, an exceptional talent from the secondary section, resonated harmoniously as he clinched the First Prize in the Ward Level Instrumental Music Competition (G1), hosted by Farooq High School for girls. This triumph not only secured his place in the District level Science Exhibition but also set the stage for a year of remarkable achievements.

Continuing the winning streak, on the 6th of September, Miss. Mantasha Shelar (G1) and Mast Khengale Vikrant (G3) emerged as the stars of the Ward Level Drawing Competition, captivating the audience with their artistic prowess at MVM Swami Muktanand High School. Their impressive victories catapulted them into the District level, solidifying their positions as creative luminaries.

Dance found its place in the limelight on the 11th of September, as our school dazzled in the Ward Level Folk Dance Competition at SCD Barfivala High School. Categorized into G1 and G2 groups, our spirited performers clinched the third prize in the G2 category, a testament to their synchronized artistry.

The 12th of September witnessed a spellbinding display of theatrical talent at the Ward Level Mono Acting Competition held at Vesava Vidya Mandir English Medium School, Yari Road. In a splendid showcase across G1 to G4 categories, Miss Tanishka Bacche, Ms. Sarah Shaikh, and Madam Qunita D'souza emerged as the shining stars, securing the second, first, and third prizes respectively. This stellar performance catapulted Ms. Sarah Shaikh and Madam Qunita D'souza into the limelight once more, earning them the privilege of representing our school at the District Level.

SAHASHALEY UPAKRAM SAMITI 2023-24 WARD AND DISTRICT LEVEL //

A melodic triumph unfolded on the 14th of September as our school secured the second prize in the Ward Level Group Singing Competition at K.H.M.W High School, Oshiwara, Jogeshwari (West). This accolade paved the way for our school's participation in the District Level, showcasing the harmonious spirit that resonates within our student community. Copywriting Yearbook-2023-24

The rhythmic beats of success echoed on the 15th of September at the Ward Level Lezim Competition hosted at Gyankendra Secondary School, Andheri West. Students from the secondary section clinched the first prize, earning them a coveted spot in the District Level Science Exhibition, where their talents would undoubtedly shine on a broader canvas.

As the competition moved to the district level, the prowess of our students remained undiminished. On the 3rd of October, Ms.

Sarah Shaikh from Jr. College demonstrated her remarkable talent by securing the third prize in the District Level Mono-Acting competition under the G3 category, further enhancing our school's reputation for nurturing diverse talents.

The saga continued on the 9th of October, as Miss Mantasha Shelar and Mast. Khengale Vikrant exhibited their artistic flair once again at the District level Drawing Competition hosted by Canossa High School, Mahakali. Miss Mantasha Shelar clinched the third prize under G1, while Mast. Khengale Vikrant soared to the top, securing the first place under G3, a testament to the unwavering commitment to excellence within our student body. This extraordinary journey of triumphs at Sahashaleya Upakram Samiti 2023-2024 stands as a testament to the indomitable spirit and exceptional talents that define our institution.

**"Education is the key to unlocking the world,
a passport to freedom"**

Harmony in Holistic Learning: A Chronicle of Enriching Activities at Children Welfare Centre Junior College of Commerce in the Academic Canvas of 2023-24" In the vibrant tapestry of the academic year 2023-24, Children Welfare Centre Junior College of Commerce emerged as an epitome of holistic education, weaving a narrative that transcended conventional boundaries. Embarking on the educational journey on June 21st, the institution marked International

Yoga Day with a profound theme, **'Vasudhaiva Kutumbakam – One Earth, One Family, and One Future.'** Renowned guest lecturer Suman Pathania graced the occasion, highlighting the transformative power of yoga to foster joy, health, and inner peace among students. Transitioning to address pressing societal concerns, the institution observed 'Anti Drug Day' on June 26th, conducting a **'Brochure Making Competition'** for std XII students. A comprehensive seminar by the Anti Narcotic Cell Crime Branch, Bandra Unit, featuring

API Shrikant Karkar and API Dada Gaikwad, provided insightful perspectives on the growing threat of drug abuse, raising awareness about its detrimental effects on individuals and society. Environmental consciousness took center stage on July 14th as CWC Junior College, in collaboration with Ekta Manch, organized an **'Environment Awareness Rally.'** The vibrant procession, commencing from Chacha Nehru Garden and

Culminating at Orchid International School Yari Road, aimed to disseminate awareness, with saplings distributed along the route, fostering a sense of environmental stewardship among participants. Further augmenting students' holistic development, the institution hosted the **'Talking Titans Elocution Competition'** on

July 22nd, providing a platform to test oratory skills and enhance effective communication. Transitioning to nurture imaginative prowess, August 5th witnessed the **'Word Race / Ideaholic'** English Creative Writing Contest, inviting students to delve into the art of making things up and express their thoughts creatively. Fostering critical thinking and public speaking,

'Clash of Minds' – Debate Competition unfolded on September 2nd, offering a platform for participants to comprehend and evaluate diverse perspectives. September 8th marked the celebration of International Literacy Day, echoing the theme of promoting literacy for a world in transition, building the foundation for sustainable

Cultural enrichment found its expression on September 14th during **'Hindi Diwas,'** where a melange of street plays, skits, and mono-acting performances sought to kindle interest in the Hindi language. On October 1st, the institution actively contributed to the **'Swachhata Hi Seva'** campaign by conducting a Beach Clean-up Drive in

at Sagar Kutir & Telvan Wadi, Versova. Culminating the diverse spectrum of activities on January 4th, 2024, a field visit to Versova Police Station provided students with immersive insights into cybercrime, passport services, and crime detection. Senior Inspector of Police, Mr. Ganesh Pawar, served as a sagacious guide, imparting invaluable information to the students. These multifaceted activities, orchestrated by Children Welfare Centre Junior College of Commerce, not only exemplify a holistic approach to education but also serve as a testament to the institution's commitment to shaping well-rounded individuals. The seamless integration of academics and diverse experiential learning opportunities throughout the academic year underscores the institution's dedication to fostering awareness, creativity, and civic responsibility among its students.

In the current socio-economic landscape, higher education stands as an essential driver of progress. The aftermath of the global pandemic has underscored the pivotal role of technology in reshaping both educational paradigms and business landscapes. Corporate readiness, in this transformative era, demands a unique blend of theoretical knowledge and pragmatic skills that align with the rapidly evolving times.

As the torchbearer of formal education, Clara's College of Commerce recognizes its pivotal role in not only imparting knowledge but also catalyzing the transformation of students into versatile and employable contributors to the nation's economic growth. In this dynamic environment, embracing change is not merely a choice; it is a necessity. Our institution has consistently adopted a proactive and unified approach to navigate the changing educational landscape.

Our mission is clear – to nurture individuals who not only adapt to change but emerge as strong leaders of tomorrow. We achieve this by integrating diverse learning avenues and methodologies, placing a significant emphasis on skill development. From staying abreast of global developments across various domains to fostering innate talents and imparting the latest market skills, every facet of our students' learning journey is meticulously designed.

Recognizing that success is a collaborative effort, our institution is immensely proud of the dedicated and resourceful team of teachers and staff members who play a pivotal role at every level. Their unwavering commitment contributes significantly to our students' success journey. Our industry alliances and embedded associations allow us to anticipate market demands accurately. By bringing in industry experts from diverse domains, we ensure that our students receive not just theoretical knowledge but practical insights that prepare them for their impending careers.

This academic year, we concentrated on fortifying our students' IT skills, from mastering basic online learning tools to navigating the complexities of the latest business applications. The success we've achieved in facilitating their journey is a testament to the collective efforts of our entire educational ecosystem.

As we express our gratitude for the triumphs of the past year, let us continue to navigate the currents of education, building a society not just with educated minds but with minds fortified with resilience and strength. Together, let's row the boat towards a future of enlightenment and progress.

Thank you!

Dr. Madhukar R. Gitte
Principal
Clara's College of Commerce

A Year of Academic and Social Engagements

26.06.2023 - Commemorating World Anti-Drug Day:

Degree College dedicated its observance on June 26, 2023, to World Anti-Drug Day, aligning with the global effort to raise awareness about the profound impact of illicit drugs on the youth. The session, led by the Anti Narcotics Cell team from the Crime Branch, aimed to educate students on the physical and mental health hazards associated with drug abuse, fostering a resilient mindset against succumbing to such challenges.

17.07.2023 - Creative Sustainability:

The IQAC and Culture Committee of Degree College organized a 'Best Out of Waste' competition on July 17, 2023. This event showcased the creativity of our students, encouraging them to explore innovative ways of repurposing materials and contributing to sustainable practices.

09.08.2023 - Wealth Creation Seminar:

In pursuit of holistic education, the IQAC and all departments of Degree College collaborated to organize a seminar on the Basics of Wealth Creation: Mutual Funds. Renowned speaker Ms. Neha Goyani, Sales Manager from FTAM, enlightened students on financial literacy, empowering them with essential knowledge for future financial planning.

09.09.2023 - Empowering with Knowledge - NIRBHAYA DIDI Session:

Dedicated to the safety and well-being of its students, Clara's College of Commerce welcomed a team of police officers on September 9, 2023. The Nirbhay Pathak Squad conducted an informative session

addressing the protection of the girl child and women, including insights into the POCSO Act. The distinguished speakers included Police Sub-Inspector Gabriel Fernandes, Lady Police Officer Archana Koli, Police Constable Vannam, and Lady Constable Bharti Dhobar.

07.10.2023 - Artistic Expressions Against Ragging:

In an effort to promote a harmonious campus environment, the IQAC and Anti-Ragging Cell organized a poster-making competition on October 7, 2023. This creative initiative empowered students to express their stance against ragging through artistic means.

02.12.2023 - Triumph in Archery:

Celebrating a remarkable achievement, Mr. Pratik Shirke clinched the first place in the Intercollegiate Archery Men Competition 2023-24, organized by the University of Mumbai. His prowess in archery reflected not only individual skill but also the college's commitment to fostering excellence in sports.

These events stand testament to Clara's College of Commerce's dedication to holistic education, social awareness, and the overall development of its students. The institution remains steadfast in its commitment to nurturing well-informed, socially responsible, and accomplished individuals.

A Year of Social Responsibility and Environmental Stewardship

International Yoga Day Celebration (21st June 2023):

The serene premises of Clara's College of Commerce reverberated with eagerness and enthusiasm as 99 staff members and students gathered to celebrate International Yoga Day. Guided by the NSS Unit and coordinated by the NSS PO, the event aimed at fostering holistic well-being.

Tree Plantation Drive (8th July 2023):

The NSS Unit initiated a green movement with a tree plantation drive at St. Catherine Orphanage Home, Andheri (W). This endeavor sought to contribute to environmental sustainability and promote the importance of green cover.

Eco-Walk for Environmental Awareness (14th July 2023):

Collaborating with Mumbai Suburban District Legal Services Authority, Brihanmumbai Mahanagar Palika K-West Ward, and University of Mumbai, the NSS Unit participated in the 'Eco-Walk.' This monumental environmental rally on 14th July aimed to inspire the planting of saplings and a collective commitment to saying no to plastic.

Helmet for Life Training (26th July 2023):

In a concerted effort to enhance safety awareness, the NSS Unit organized a 'Helmet for Life' training session in collaboration with United Way Of Mumbai and Total Energies Foundation. This initiative, held on 26th July, emphasized the importance of wearing helmets for personal safety.

Food Distribution for Community Welfare (15th August 2023):

The NSS volunteers extended their compassion to the homeless by distributing food packets in and around Versova on Independence Day. This act of community service resonated with the belief that true health begins with no one remaining hungry.

Orientation Program for Freshers (6th September 2023):

The NSS Unit organized an orientation program for FY B.Com/BMS/BAF/BMM students on 6th September 2023. Mr. Pranav Panchal, NSS Area Coordinator of Western Suburb, University of Mumbai, served as the insightful resource person.

Senior Citizen Day Celebration (22nd August 2023):

Demonstrating a commitment to inclusivity, the NSS unit celebrated Senior Citizen Day with Aaji Care Elder Care Centre, Versova, on 22nd August 2023. This heartwarming event aimed to bring joy and companionship to the elderly.

Online Awareness Session on Mangrove Ecosystem (11th September 2023):

In collaboration with United Way of Mumbai, the NSS Unit conducted an online awareness session on the Mangrove Ecosystem. This initiative aimed to promote understanding and conservation of vital coastal ecosystems.

International Coastal Cleanup Day (16th September 2023):

Embracing the spirit of environmental responsibility, the NSS Unit, in association with Ekata Manch, organized a beach cleanup drive at Sagar Kutir, Versova Beach. The cleanup, held on International Coastal Cleanup Day, saw active participation from 43 volunteers and 5 faculty members.

NSS Foundation Day Poster Making Competition (24th September 2023):

Celebrating NSS Foundation Day, the unit organized an online poster-making competition with themes revolving around 'Swachhata Hi Seva' and 'Meri Mati Mera Desh.' This creative initiative aimed to instill a sense of civic responsibility.

Beach Cleanup Drive (1st October 2023):

On 1st October 2023, the NSS Unit conducted another impactful beach cleanup drive at Sagar Kutir and Telvan Wadi, Versova, in collaboration with BMC K-West Ward and Ekta Manch. The theme for this cleanup was "Swachhata Hi Seva," drawing the active participation of 43 volunteers and 5 faculty members.

Meri Mati Mera Desh - Amrit Kalash (10th October):

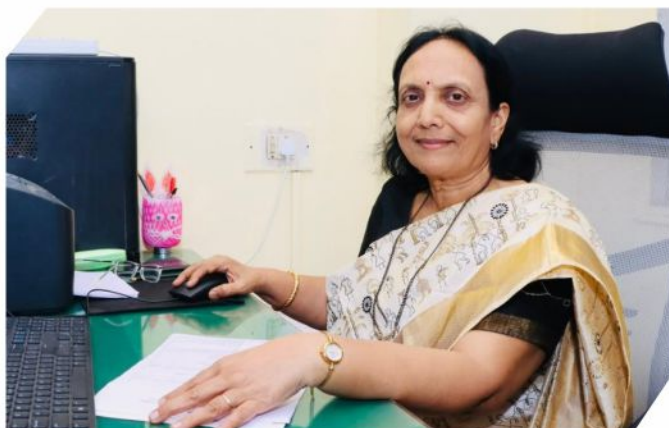

Continuing the spirit of patriotism and environmental consciousness, the NSS Unit engaged in the 'Meri Mati Mera Desh - Amrit Kalash' initiative on 10th October, further reinforcing their commitment to the nation and its well-being.

Nurturing Minds, Shaping Futures: A Reflection

In the insightful words of the distinguished educationist John Dewey, "Education is not preparation for life; education is life itself." As we navigate the intricate realm of education, these words reverberate in every lecture, every interaction, and every endeavor within the hallowed halls of CWC Clara's College of Education.

Teaching, to me, transcends the conventional definition of a profession; it is a noble calling—an activity dedicated to serving the very essence of education itself. In today's dynamic landscape, teachers hold a position of paramount importance. They are not just conveyors of knowledge; they are the architects of dreams, the nurturers of aspirations, and the ultimate role models for our students.

Each teacher contributes to the intricate tapestry of a student's academic journey, influencing their growth and shaping their perspectives. Teachers, as I passionately believe, are the backbone of our nation builders—the silent architects fostering the knowledge and skills that lay the foundation for our children's future.

Gratitude fills my heart as I acknowledge the privilege of being part of the monumental institution, CWC Clara's College of Education. Our institution stands as a testament to our founder's unwavering commitment to excellence and higher goals in the field of education.

Quality education, in my view, is the key to unlocking a student's full potential. The vision of our college reflects an institutional culture that values progressive teaching strategies, innovation, and a commitment to staying abreast of the latest trends in teaching and learning.

Under my leadership, the college provides a rich landscape of workshops, seminars, conferences, and faculty development programs. These endeavors are not mere routine activities but essential components in our continuous quest for knowledge and excellence. We encourage action research,

motivating our student teachers to disseminate their findings in research forums, fostering a culture of ongoing learning and improvement.

Beyond the classroom, our student teachers actively engage in community work, an integral part of their B.Ed. program. This holistic approach to teacher education underscores our Copywriting Yearbook - 2023-24 commitment to shaping educators who are not just academically proficient but socially responsible.

In my reflective words, I emphasize our commitment to teacher education, highlighting that 'Learning to Teach' and 'Teaching to Learn' has become a comprehensive and challenging role for our students. Teachers, in my view, play a pivotal role in cultivating social, moral, and spiritual values among children—a facilitator for social transformation essential for developing both nationalism and internationalism in global citizens.

Quoting American Historian Henry Adams, I poignantly remind our community, 'A teacher affects eternity; he can never tell where his influence stops.' In this simple truth lies the profound impact that teachers wield in shaping the destinies of those they teach.

As we embark on another academic year, my words serve as a poignant reminder of the enduring influence teachers have on the eternal journey of learning and growth. With immense responsibility and privilege, I look forward to another year of molding minds, inspiring futures, and continuing the noble art of teaching.

Dr. Ratnaprabha Rajmane
Principal, CWC Clara's College of Education

A teacher is a compass that activates the magnets of curiosity, knowledge and wisdom in pupils

Throughout the academic year 2023-24, Clara's College of Education showcased a commitment to holistic learning. From engaging educational visits to promoting community health, the college provided a diverse range of experiences. Noteworthy events included an enlightening nature-trail tour, active student participation in a Radio Jockey program, and a medical camp addressing the healthcare needs of the local underprivileged community. Educational tours, workshops on various subjects, and celebrating special days like 'Senior Citizen Day' enriched the academic journey. The integration of arts, commerce exposure, and the exploration of Science, Technology, and Artificial Intelligence reflected the college's dedication to comprehensive education.

Date-Wise Activity Titles: 1. 11-03-2023 - Nature Exploration at Mahim Nature Park 2. 05-04-2023 - Radio Jockeying Experience and Extension Activities 3. 14-04-2023 - Healthcare Outreach: Medical Camp with EKTA Manch 4. 29-04-2023 - Bridging Education and Technology: Visit to Nehru Science Center 5. 11-05-2023 - Financial Insights: Commerce and Economic Students' Bank Visit 6. 21-06-2023 - Craft of Teaching: 'Lesson Plan Writing' Workshop 7. 27-07-2023 - Innovative Teaching Methods: 'Theme Teaching and Co-Teaching' Workshop 8. 05-08-2023 - Expressing through Art: Warli Art and Painting Workshop 9. 22-08-2023 - Honoring Wisdom: 'Senior Citizen Day' Celebration 10. 07-09-2023 - Theatrical Integration: Drama and Art in Education Workshop 11. 02-10-2023 - Remembering Gandhi: Educational Visit to Mani Bhawan

1. 11-03-2023 - Nature Exploration at Mahim Nature Park: Clara's College of Education immersed students in environmental education with a nature-trail tour at Mahim Nature Park. This initiative aimed to instill a sense of environmental sustainability and conservation among students, fostering a deeper connection with nature.

2. 05-04-2023 - Radio Jockeying Experience and Extension Activities: Copywriting Yearbook - 2023-24 Two students, along with Program In-Charge Ms. Upasna, participated in a Radio Jockey program initiated by the University of Mumbai's extension wing. This engagement provided students with valuable communication skills and exposed them to the world of broadcasting.

3. 14-04-2023 - Healthcare Outreach: Medical Camp with EKTA Manch: In collaboration with EKTA Manch, Clara's College organized a medical camp on campus, extending healthcare services to the underprivileged members of the local community. This initiative showcased the college's commitment to community well-being.

Technology: Visit to Nehru Science Center: Clara's College orchestrated an educational tour to Nehru Science Center, emphasizing the integration of Science and Technology with Artificial Intelligence in teaching and learning. Dr. Anupam Guha, a field expert, shared insights with 64 participating students from both batches.

5. 11-05-2023 - Financial Insights: Commerce and Economic Students' Bank Visit: Offering exposure to financial service procedures, Clara's College organized a visit to a bank for students in Commerce and Economic courses. This hands-on experience aimed to enhance their understanding of practical financial operations.

6. 21-06-2023 - Craft of Teaching: 'Lesson Plan Writing' Workshop: Clara's College hosted a 'Lesson Plan Writing' workshop, providing students with a foundation in understanding the objectives and specifications crucial for creating effective lesson plans.

7. 27-07-2023 - Innovative Teaching Methods: 'Theme Teaching and Co-Teaching' Workshop: Focused on innovative teaching methodologies, the workshop enlightened students about 'Theme Teaching and Co-Teaching,' emphasizing collaborative approaches to education.

8. 05-08-2023 - Expressing through Art: Warli Art and Painting Workshop: Clara's College conducted a workshop on 'Warli Art and Painting' under the audit course, fostering creativity and artistic expression among first and second-year students.

9. 22-08-2023 - Honoring Wisdom: 'Senior Citizen Day' Celebration: Celebrating 'Senior Citizen Day,' Clara's College engaged students in card-making activities, creating a meaningful connection between generations and fostering enthusiasm.

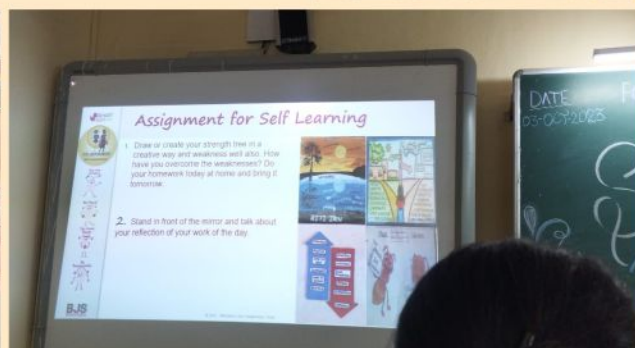

10. 07-09-2023 - Theatrical Integration: Drama and Art in Education Workshop: Dr. Rajshree Shikre led a workshop on integrating drama and art in education, teaching students various 'mudras' and expressions for effective communication while teaching.

SMART GIRL WORKSHOP

Clara College of Education, organized a workshop on 3rd and 4th October 2023 for the empowerment of the female students. Under the Audit course, "The Understanding Self", a 2-day physical workshop, held in collaboration with BJS which is a non-profit, non-political, professionally managed NGO. Smart Girl is one of the flagship programs conducted by this organization for educational institutions. The mantra is "Be happy, Be strong" to catalyze girls' sustainable empowerment through effective capacity building (Life skill Education). This workshop helped to generate the ability to balance choices against risky temptations. It helps in addressing the issues and concerns related to the emotional development of girl child. It also takes care of SDG5 to bring equity, equality and empowerment. This workshop helped the girls to face the social challenges and to lead a happy and healthy life. In total 6 modules were conducted in two days programme. After the workshop all students were very happy and satisfied. This workshop added value to the mainstream curriculum. 64 students participated in this workshop.

CONGRATULATIONS

Pratik Yogesh Shirke

Introducing the whole some energetic Pratik Yogesh Shirke a truly remarkable athlete who has achieved the distinguished title of Archery Championship through his extraordinary skills and unwavering commitment. With unparallel precision, focus and determination Partik has made a name for himself in the sporting world by his unmatched talents and firm belief in himself. His journey to success and championship is both captivating and inspiring making him a role model for aspiring athletes in athletics. Let us delve into fascinating story of this exceptional competitor and explore the hidden secrets behind his incredible achievements in the thrilling realm of archery.

Pratik Shirke a student of M. Com in Clara's College of Commerce started his journey of Archery in 2011. The wheels of fortune began to accelerate in his field toppling up with achievements in District / Divisional / State and National level championship bagging the medals of gold, silver and bronze not only in Maharashtra but also in states of Punjab, Uttar Pradesh and Tamil Nadu.

Clara's College of Commerce has created a pallette to Pratik Shirke filled with vibrant colours of triumph, fame, opportunities and accomplishment facilities for future. Apart from these the co-operative management, principal and the staff numerated his channel to the destination. With the blessings of his parents, dedicated management and monopolizing nature of Pratik Shirke towards archery made him possible to reach the pinnacle. The management of Clara's College will turn every stone to make Pratik Shirke to reach his goal and in long turn representing India in Olympics. The journey of Partik Shirke has a relentless pursuit of excellence, marked by discipline, resilience and unwavering dedication. His victory can mark a shift in mentality of the young Indian archers who wish to pursue Archery in future. The zest and zeal harboured in Pratik will make India to shine in the world of Olympics and making our institution an epitome in the heart of every student. Wishing him all the best

Dear Trustees, Management, and
Principal CWC Law College, Malad West, Mumbai.

Subject: Appreciation for Campus Upgrades

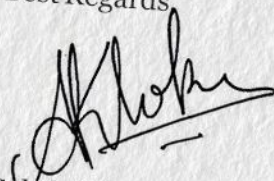

I am writing on behalf of the Academic and Cultural Society to express our heartfelt gratitude for your efforts in resolving issues and upgrading facilities on our campus. Your commitment to enhancing the student experience has not gone unnoticed, and we want to acknowledge the positive impact these changes have made.

The dedication shown by the trustees, management, and the principal in addressing concerns and actively working towards improvements has significantly benefited the entire student body. The upgraded facilities contribute to a more conducive learning environment enriching our academic and cultural experiences.

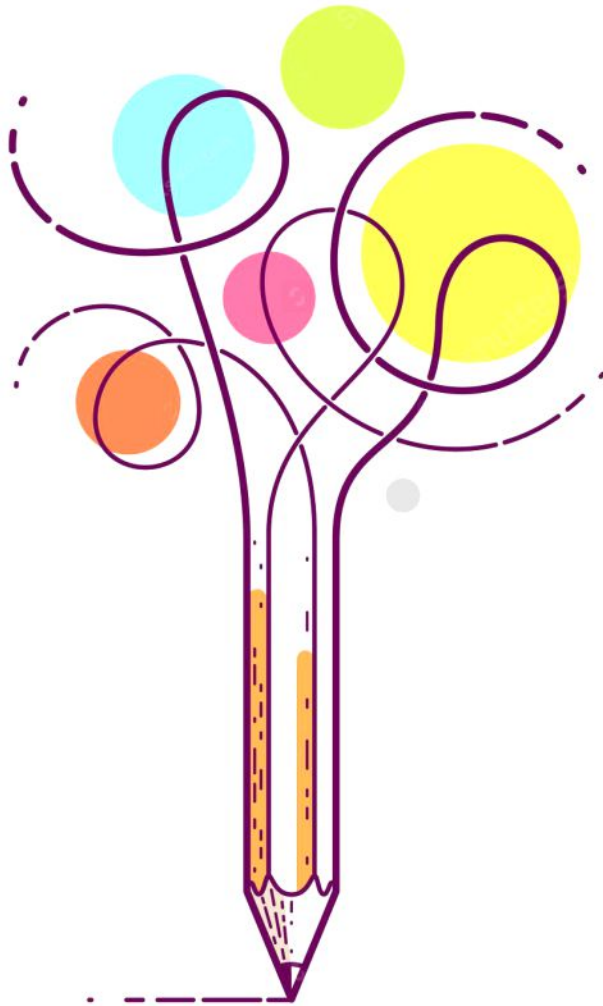

We recognize and appreciate the collaborative spirit that has driven these positive changes. Your commitment to the welfare and development of the students is truly commendable.

Thank you for your continued support and commitment to ensuring the well-being and growth of CWC Law College.

Best Regards

Sakshi Singh
Secretary
Academic and Cultural Society
CWC Law College

How can Teamwork be Improved

A team comprises a group of people, and when you're enchainning on big projects, it gets almost impossible to do everything alone. Here are some of the key points to remember when working in a team:

- Strong problem- solving and communication skills.
- Critical thinking and creativity.
- Paying attention and focusing on demand.
- Learning how to let go of things where they don't go as planned and improve there.

So, what will we learn from teamwork?

Well, it'll definitely upgrade and our friendship, co-operations, undertaking, empathy and companionship to the next level! Before jumping onto understanding the "Significance of Teamwork", it is vital to know what is teamwork as a concept. Teamwork is working in a group of two and more people to achieve a common goal. Teamwork builds you identity and gives you purpose. It helps you set clear goals and work towards there.

As we all are aware of various types of disturbance in our workplace/schools/college which is bullying, peer pressure, and disturbed mental health etc. Many individuals have in-fact (with the support of the teammates) overcame this fear of speaking up to the bullies, etc

This discussion brings me to the concluding point of this article which is, what defensive measure can be taken against bullying? No one need to put up with a bully's behaviour. If you or someone you know is bothered by a bully, talk to someone you trust. Everyone has the right to feel safe. Tell someone about it and keep letting them know until something is done.

Jokes

One day Suppandi was killing flies.
His master asked,
How many he had managed to kill so far.
He replied 3 Male, 2 Female.
The master was surprised and asked,
How did he got to know the flies gender?
Suppandi replied –
3 flies were sitting on cigarette pack.
So they were male.
2 were sitting on lipstick,
so they were female.

One day Anwar visited a restaurant with his parents.
His parents ordered for a full plate of rice for Anwar.
So, Anwar started crying loudly.
Puzzled his father asked- Why are you crying?
Anwar replied- How can I eat from a plate.
Which is broken in half!!!!

Why couldn't the leopard play Hide n Seek?
-Because he was always spotted!!

Why couldn't you write with broken pencil?
- Because he was always pointless!

Why do bees have sticky hair?
-Because they use Honeycombs.

What do you call a group of dis-organized cats?
-A catastrophe

My School

My School, My School,
Beautiful and so cool
Our teachers are so nice,
They give knowledge and advice.

My School looks so simple,
But to us its a temple
In the morning we pray,
Study there whole day.

When the life of school ends,
We have bunch of many friends
I will only be a fool,
If I don't miss my school.

My School, My school,
Beautiful and so cool
I go with a bag,
With my School tag

Dev Pawar

Balancing learning and Play

1. School is a place where we learn and grow, But playtime is important, as you must know. Balance between work and play is the key, for happy and smart kids, you and me.

2. Learning at school, with books and pen, But playtime with friends it makes amends Education is important, there's no doubt, play and learning, together they're about.

3. In the classroom, we read and write, But on the play ground, the world's so bright. Balancing fun and study is the way, To make the most of every single day.

4. Home work and tests, they have their place, But play is essential, to keep up pace. Balancing both is how we strive, To have a happy, Healthy life.

5. Learning is important, that's for sure, But playing with friends, we need it more A balance of both, it's the perfect goal. To make the most of young feel more.

Money Mindset: Value vs Time

Why do people pay you? They do not pay you for your time. They pay you for the value you create.

Let's understand this with the story of Mahesh (a mechanic). You take your car to his workshop. He says that he will fix it for your car at Rs 2,000, to which you agree. He takes approximately two hours as he is new into this profession. You watch him do his work and play him when it is complete. After a couple of years, Mahesh is now experienced in his field and you go to him to get an issue fixed. He quotes Rs3,000. However, this time, he fixes the issue in less than ten minutes.

See the difference? The first time, he took more time. Effectively, he had charged you for the value that he had created for you and for the time. Now as a person you may think that he just took 10 minutes and charged you more than last time. See, he is not charging for his time; he is exchanging the value created for your money.

For people who want to get rich, you must find ways to make money by exchanging value and not just your time. Most salaried people just exchange their time for money. Of course, they have a target and they create value as well but mostly they are bound to work certain hours even if they finish their work in half the allotted time.

Education System

The Education System in India is one of the oldest education systems in the world. From the Vedic ages, the education system in India grew, spread, transformed and upgraded. India was one of the richest countries in the world both in education and in wealth till the 17th century. Later, India lost both of its quantity of wealth and quality of education due to foreign colonies and several wrong decisions taken by the then rulers in the Indian contingent. At the time of the independence of India from British rule, there was only a 12% literacy rate. Now, India has 74.04% literates in its population in 2021. Besides the achievements, the Indian education system has some drawbacks.

India contains one of the oldest education systems in the world. The Rig Veda is still believed to be the earliest composition in the world and Sanskrit is one of the oldest languages. At that age, parents used to send their children to the house of the teacher or 'Guru', which were called the 'Gurukul'. All of the four Vedas [Rig Veda, Sama Veda, Yajur Veda and Atharva Veda], Upanishads, Puranas, Brahmanas, Aranyakas, Vedangas etc. were the fruits of the education. Ramayana, the oldest epic in the world, and Mahabharata, the longest epic in the world were composed in the Vedic age. The learning process was focused on gathering knowledge towards enlightenment of oneself. Later, the scope of education spread vastly through Buddhism and Jainism. The Buddhist centres of education i.e., Taxila (Takshashila) University, Nalanda University and Vikramshila University were world-famous in this period. Later, several famous authors and poets and their compositions proved the enrichment of the education system in Ancient India.

Aryabhatta, Aswaghosh, Banbhattacha, Chanakya, Charaka, Kalidasa, Katyayana, Panini, Patanjali, Shridhara, Susruta, Valmiki, Vararuchi, Varahamihira, Ved Vyasa, Yativrsabha and many more scholars and their works proved the strengths of education in India.

Code of conduct and professional ethics in higher education institution

“Ethics is nothing else than reverence for life.”

The first step in the evolution of ethics is a sense of solidarity with other human beings.

Higher education opens the doorways for future endeavors for students. The teacher is the focal point of the teaching and learning process. Their image is always ideal or role model for the learner. Students always follow the teacher and imbibe good values and higher ethics. Professional ethics and the right code of conduct help in the alignment of the learning process as this process commences the projection for the future. The setting of the right attitude and skills is mandatory for the learners. Following the secondary school code is not easy, but not following, and achieving the mission of learning while having high ethical values, is quite impossible. To have a good professional relationship with colleagues, good teamwork, cooperation and collaboration is needed, infect to stand by each other in thick and thin moments is essential to co-exist. Tolerance, patience, empathy, taking ownership, cooperate and giving assistance in the time of need is very important to have a good working environment. Managing private and personal affairs in a judiciary manner leads to a good balance between the professional and personal front. Recognizing the difference in aptitude and ability among students and colleagues through Universal Design Learning (UDL) will inculcate scientific temperament, spirit of enquiry, and ideals of democracy. It also helps with equity, equality, peace, sustainability and social justice. Henceforth, refraining from availing unnecessary favoritism encourages good citizenship and destroys enmities among different communities.

Professional ethics is regarded to be of utmost significance in achieving the desired goals and objectives as higher education is responsible for creating leaders who can lead the way of a success story where others can follow. This stage has to strive for excellence in the learners for self sustenance. Good morale helps in the development of character, capacity building and induct democratic citizenship. Professional ethics creates a good environment for work and progress.

Education

*Education is not the learning of facts,
but the training of mind to think!*

- Albert Einstein

What is education? There are many answers to the question, however it all really comes down to life-long learning. As times have progressed, the education system has grown to become more and more complex with advanced knowledge and posed a competitive bias on today's generation. Education never ceased to be, it is a life-long process, through which the growth of the country, the growth of economy, the growth of individuals and society takes place.

The importance of education comes straight to the point that it helps develop a civilized nation. An education system is created to partake in the growth of young individuals from early childhood education. Homeschooling, or private and public schools are ways of moulding a child into an adult with enough knowledge to live and create a world with the required knowledge to face difficulties and help grow the society into an equal space for living in peace.

The world has advanced in various fields, which in turn grew the need for learning about all the new and different concepts. The Indian Education system can be put into categories such as; practical, theoretical. While theoretical and practical are both a part of the education system, the education system mainly consists of theoretical knowledge. Subsequently also imposing theoretical exams for primary, secondary and degree education. This does not exclude practical learning, yet it is not much practiced. Making it difficult and competitive to achieve qualifications.

Education is a right for everyone. Although, further educational decisions are a choice made by individuals. Education is a life-long process, on the contrary it determines the social status of an individual in a civilized society. We cannot deny that possession of educational qualifications helps in finding jobs and having an identity of being a sophisticated adult. Education moulds a child's brain and affects their behavior, however it doesn't guarantee a righteous adult. Children spend most of their childhood in schools and young adults in colleges, it does play an important role in the development of an individual nevertheless, the actions and behavioral issues are not the responsibility of education, but their surroundings. This does not indicate that education is an option. Seeking education should be accessible to all individuals no matter their age, race, gender, caste, etc.

In conclusion education, is a right for everyone, and a life-long process that assures growth and development of an individual that leads to a better civilized society and thus the development and growth of economy of the country.

Education

Education, a journey of the mind
A path that's winding, yet so divine
With every step, we gain and grow
A tale of knowledge, as the years go low

In every subject, a story unfolds
A tale of discovery, a lesson so bold
The arts we explore, the beauty we find
Passion we pursue, the dreams we design

With teachers guiding us along
We soar to heights, where dreams belong
Joys of childhood, the wonder we share
Dreams we chase, the future we prepare

We soak up knowledge, like the sun's rays
And in the end, we find our own ways
The laughter we share, the tear we dry
The journey of education, a lifetime to try

Overcoming

In life, there will be people who hurt you.
Spend more time with those who love you.
'You will make mistakes.
Mistakes are ammunition
Against future catastrophes.'
'You may have regrets.
Unless you can get time back,
Focus on happiness now.
'You may lose people you love.
Pour that love on people who need it.
'You will bump against obstacles to your goals.
Obstacles are challenges
That sharpen your motivation and resolve.
You may have worries that hold you back.
Every fear you overcome
Makes you stronger and better.
You are overcoming.

Ritu Sahani

Primary Teacher

Poem of Life

Life is but a stopping place,
A pause in what's to be,
A resting place along the road,
To sweet eternity.
We all have different journeys,
Different paths along the way,
We all were meant to learn some things,
But never meant to stay...
Our destination is a place,
Far greater than we know.
For some the journey's quicker,
For some the journey's slow.
And when the journey finally ends,
We'll claim a great reward,
And find an everlasting peace,
Together with the Lord.

Ritu Sahani

Primary Teacher

A smile can mean
a thousand words,
but it can also hide
a thousand
problems.

A negative mind
will never give
you a positive life.

A good education
can change anyone,
A good teacher
can change
everything.

Quotes

Emergence of A.I

The intelligence possessed by the machines under which they can perform various functions with human help. The distinctive feature which I like about A.I (artificial intelligence) is that it evolves on their own by tracking the user's activity and search patterns. The term "Artificial Intelligence" was coined by Sir John McCarthy. He is also considered as the father of A.I. The term A.I has been used by the great minds like Stephen Hawking etc. A.I entered India through the works of professor H.N Mahabala in the 1960's. There has been advancement in education. It helps educators to create, customize lessons and assignment. The impact of A.I on society is both advantageous and challenging. It has potential to transform the way we work, communicate but the challenges are increased. Fees in the school, displacement of jobs, expensive maintenance, emotionless and easily misused.

Global revenue system associated with A.I services and sales will likely grow at 19% per year reaching 900 billion in 2026 compared will 318 billion in 2020. "There has been loss of skills and creativity of people as no one is doing hard work anymore. Students make their assignments and other tasks through A.I, same with other people. Where as it can never replace human intelligence. We humans brings experience, creativity and emotions while decision making. It is a great technology must be used in limited way.

Drug Abuse

Drug abuse or substance abuse is a disorder characterized by excessive use of the habit-forming drugs and misuse of over the severe addiction and counter medicine, the illegal use of drugs which in turn leads to severe addiction and dependence with so many negative conclusions. Drug abuse addiction is a chronic illness with relapse rates similar to those of hypertension, diabetes and asthma. And it refers to use of certain chemicals for purpose of creating pleasurable effect on the brain. There are over 190 million drug users around the world and the problem has been increasing at alarming rates, especially among young

adults under age of 30. Apart from the long term damage to body drug abuse causes, drug addicts who use needles are also at risk of contracting HIV and Hepatitis B and C infection. Drugs abuse are usually psychoactive drugs that are used by people for various different reason which include curiosity and peer pressure, especially among school children and young adults. The use of prescription drugs that were originally intended to target pain relief may have turned into recreational use and become addictive chemicals may be used as part of religious practice or rituals. Recreational purpose as a means of obtaining creative inspiration.

मन

मानव हो मन को निराश न कर,
कुछ कर्म कर, कुछ धर्म कर।
संसार में हो तो कुछ नाम करो,
इस तन का कुछ सदुपयोग करो।
यह जन्म लिया किस अर्थ में हो,
जानों जिससे यह व्यर्थ न हो।
निज स्वार्थ उपयोग न करो तन का,
जिससे सतकर्म बना रहे मन का।
जिस महानता के तुम योग्य नहीं,
जग में है कौन—सा सुख भोग नहीं।
यह तन भी तेरा है ईश्वर का,
मन में अहंभाव है किस बात का।
एकांत बसो मन शांत रहे,
चिंतन—मनन अविराम रहे।
कर्म प्रधान रहे इस तन को,
क्यों करते हो विचलित मन को।
जब वाणी में मृदुता बनी रहे,
तब व्यवहार कुशलता बना रहे।
आचरण में छल की गंध न हो,

मानव हो मानव के प्रति अविश्वास न हो,
यह धरा विश्वास पर टिकी हुई।
टूटा विश्वास तो मानता खतम हुई,
तन से जग का उद्धार कर,
मानव हो मन को निराश न कर।

मेरी आँख में आँसू है...

मेरी आँख में आँसू है मगर मैं रो नहीं सकता...
सफलता के पंख कटे तो क्या कुछ हो नहीं सकता?
मेरी आँख में आँसू है ... मगर मैं रो नहीं सकता...

लोग ताने कसते हैं ... मेरी दुर्दशा पर हँसते हैं
तानों के एस बोझ को अब मैं हो नहीं सकता
मेरी आँख में आँसू है.... मगर मैं रो नहीं सकता ...

आशाएँ मा बाप की जुड़ी हैं मुझसे
चला था जब घर से ... वादा किया था खुद से
मुश्किल कैसी भी हो ... आत्म विश्वास को खो नहीं सकता
मेरी आँख में आँसू है ... मगर मैं रो नहीं सकता...

हारी बाजी को मैं जीत कर दिखाऊंगा
दिन रात एक करके, अपनी मंज़िल को पाऊंगा
पथ कैसा भी क्यूँ ना हो
बिना मंज़िल को पाए अब मैं सो नहीं सकता
मेरी आँख में आँसू है मगर मैं रो नहीं सकता....

आनंदाच्या डोही आनंदी आनंद!!

मनाची चंचलता न ट करुन मनावर मानवाने अधिराज्य गाजविणे, मन स्थिर राहून सतत आपण आपल्या कार्यात प्रामाणिकपणे कार्यरत राहणे म्हणजे आनंदी आनंद होय. आनंद हा सर्वांच्या पदरी सहजा—सहजी मिळत नसतो आनंदाची परिसिमा गाठण्यासाठी मनावर ताबा ठेवणे अत्यंत महत्त्वाचे आहे.

आपण समाजात कसे वागतो, बोलतो आणि कृतिप्रदर्शन करतो यावर आपल्या जडण—घडण बनते. आपण आपल्या समाजाची बनावट छाप पाडून, प्रतिभेचा डंका पिटवून मधाळ स्वभावाचे प्रदर्शन करुन, चेहऱ्यावर हास्यतेचा फुलोरा फुलवून खरा आनंद मिळत नसतो असा आनंद नाटकी आणि लकवा असतो.

आनंदाचा झरा कोमल हृदयातून उमलून फुलावा लागतो. आनंदाच्या डोहात डुबण्यासाठी सात्त्विक अंतरात्मा जागृत झाला पाहीजे, तरच आनंदाच्या डोही आनंदी आनंद!!

शेतात राब—राब राबून घाम गाळणारा वसुंधरा पुत्र शेतकरी, कलेचा अवि कार करणारा कलाकार, छिनी—हातो दगडावर कलाकृती करुन, मूर्ति घडविणारा मूर्तिकार, भगवंताची आतुरतेने व तन्मलतेने प्रार्थनेतून व भजनातून आळविणारा वगैरे हे सर्वच आपल्या स्वछंद कृती आनंदाच्या डोहात डुबलेले असतात.

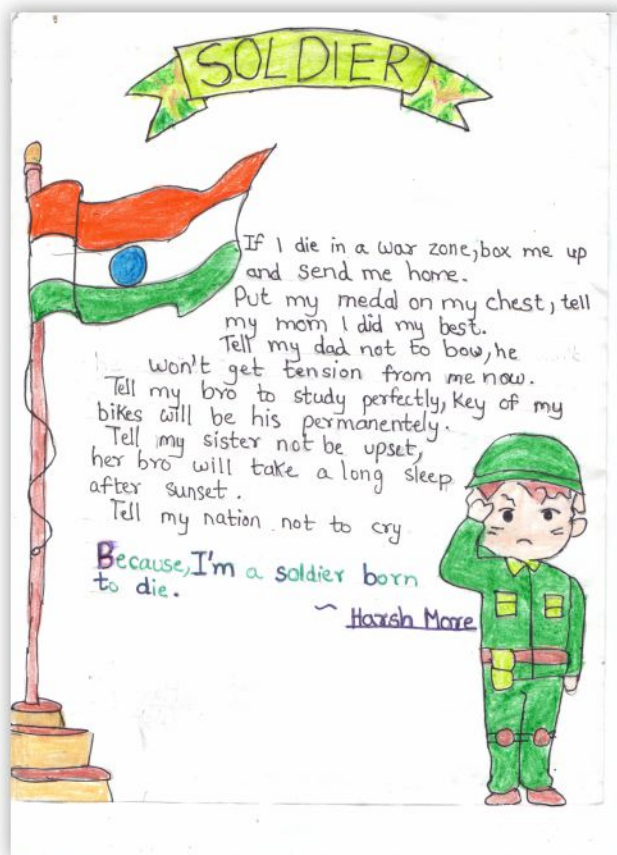

दररोज रात्री लवकर 'जेवून, शतपावले करुन, परमेश्वराची प्रार्थना करतात, झोप घेतात आणि पहाटे ब्रम्हवेळी उठून, शरीर सूर्चिभ करुन परमेश्वराला प्रार्थनेतून आळवून भक्तीचा मळा फुलवून, दिवसभराच्या कार्यास सुरुवात चांगली करणे म्हणजे 'आनंदाचा परमोच्च बिंदू' गाठणे होय.

सकाळी उशिरा उठून, देवाची थातूर—मातूर पुजा करुन, भरभर देवाची प्रार्थना करणे म्हणजे मिरवत असतात. समाजासमोर श्रीमंतीचा आणि मधाळ वाणीचा उपयोग करुन, कृत्रिम हास्य निर्माण करुन आनंदाचे दंत प्रदर्शन करीत असतात अशी माणसे म्हणजे 'मुख में राम बगल में छुरी!! या उक्तीप्रमाणे वागत असतात अशांची वृत्ती राम—राम जपना पराया माल अपना!!!! अशा उक्ती प्रमाणे असते.

अशा ढोंगी माणसांत 'आनंदाचा पाझर फुटेल का'?
माझ्या माणसास उद्देशून म्हणतो की
अरे माणसा—माणसा...
कधी होशील रे माणूस?
आनंदाच्या डोहात
कधी डुबशील रे माणूस?
स्थिरप्रज्ञेचा झरा...
कधी ठेवशील रे माणूस?
स्वकतृत्वाचा वृक्ष दृ
कधी उभा करशील रे माणूस
अशी उपरती केव्हा येईल रे माणसा?
तेव्हाच कळे— आनंदी आनंद गडे
इकडे तिकडे चोहीकडे!!
